TESCO Community Fund

As Tesco completed their store in November last year, the Parish Council succeeded in obtaining a donation of £100,000 to a Community Fund which will benefit Gerrards Cross for years to come.

The Parish Council had already submitted to Tesco suggested criteria against which funds should be allocated to worthwhile projects. Tesco agreed that the Parish Council should administer the fund as a trustee and decide how the money should be spent.

Applications were invited for the first round of allocations and 36 were received by February 28. Our initial assessment is that some requests do not meet the main purpose of improving the appearance and amenities of the heart of Gerrards Cross, but are simply requests for charitable donations. However a full assessment is currently underway.

Councillor Peter Chapman
